147

148  3 WAYS TO USE THESE FILES

149

150 APPROACH 1: Sequential (Safe & Recommended)

151 | Week 1-8: Build foundation (CURSOR_PROMPTS_ONLY.md: 1A-5C)

152 | Week 9-16: Add features (IMPLEMENTATION_PROMPTS_ALL_FEATURES.md)

153 | Best for: First-time builders, learning the system

154

155 APPROACH 2: Aggressive (If experienced)

156 | Week 1-2: Database only (CURSOR_PROMPTS_ONLY.md: 1A-1C)

157 | Week 3: All features at once (IMPLEMENTATION_PROMPTS: Master prompt)

158 | Week 4-6: Unique features (IMPLEMENTATION_PROMPTS: 6 prompts)

159 | Best for: Experienced developers, tight timelines

160

161 APPROACH 3: Parallel (Maximum speed)

162 | Run multiple Cursor chats simultaneously

163 | Foundation in chat 1

164 | Comprehensive features in chat 2

165 | Unique features in chat 3

166 | Best for: Very experienced, strong project management

167

168

169

170  RIGHT NOW: CHOOSE YOUR PATH

171

172 PATH 1: I want solid foundation first

173 | Start: CURSOR_PROMPTS_ONLY.md, Prompt 1A

174 | Timeline: 8 weeks to working platform

175 | Then add features gradually

176

177 PATH 2: I want everything built quickly

178 | Start: IMPLEMENTATION_PROMPTS_ALL_FEATURES.md, Master prompt

179 | Timeline: 2-3 weeks for competitive features

180 | Then add 6 unique features (2 weeks each)
